

Columbia University: Arts & Sciences
A&S Spring 2025 Laboratory Evaluation

Course:	EESCUN2100_001_2025_1 - EARTH'S ENVIRO SYST: CLIM SYST: EESCW2100_001_2025_1_206574
Instructor:	Mingfang Ting,Gisela Winckler Redmond Stein * ,Eilidh MacLeod,Tehreem Qureshi,Christopher Roman,Ibuki Sugiura,Yuwei Zhao,Alan Garcia Lopez,Alexander Parsells
Response Rate:	34/45 (75.56 %)

1 - What are the strengths and weaknesses of Redmond Stein (discussion section leader, lab section leader, grader) as an instructor, and how might Redmond Stein's teaching be improved?

Response Rate	8/45 (17.78%)
---------------	---------------

- Thoughtful and wants to make sure student understands material. Great understanding of material.
- Redmond Stein is a great TA. They are very knowledgeable and helpful.
- They were extremely helpful during labs and always knew the answers to my lab or content related questions.
- I love Red!! Red is a very clear communicator and great teacher.
- Great energy
- Red had the best office hours and was always there to help explain anything from either class or lab. They took the time to go over small details as much as you need.
- Nothing they were great!
- During an office hours section, they became very frustrated during a misunderstanding. The diagram on the posted homework pdf I was looking at did not have the given values, and instead of trying to understand the disconnect between what they were saying and what I was asking, they acted very exasperated with me.

2 - What is your overall assessment of the effectiveness of Redmond Stein?

Response Option	Weight	Frequency	Percent	Percent Responses	Means						
Excellent	(5)	17	77.27%								
Very Good	(4)	2	9.09%								
Good	(3)	2	9.09%								
Fair	(2)	1	4.55%								
Poor	(1)	0	0.00%
